Make the bed by zipper

Zip-on bedding eliminates the need to wedge hands between a heavy mattress and the wall, keeping your corner sofa illusion perfectly tailored and wrinkle-free.

Duvet Fold Sequence

1. **Fold in thirds** Keep the duvet folded in thirds lengthwise to create a clean, structured band.
2. **Hospital tuck corners** Fold the exposed duvet corners into a sharp 45-degree hospital tuck.
3. **Pull fabric taut** Pull taut under the mattress corners to eliminate bulky overhangs.

Euro Pillow Sizes

Find your row: **Your Mattress Size**

Your Mattress Size	Your pick	Why
Twin (75 inches)	3 pillows	Snug gap-free backrest
Full (75 inches)	3 pillows	Snug gap-free backrest
Queen (80 inches)	3 to 4 pillows	Snug gap-free backrest

The Pillow Stack Order

1. **Position the wedge** Place a firm foam bed wedge directly against the long wall.
2. **Add Euro pillows** Span the back with 26-inch Euro pillows for a continuous sofa back.
3. **Layer throw pillows** Place a row of 20-inch square throw pillows in front for depth.
4. **Center the lumbar** Add a single oversized lumbar pillow for crucial lower back support.

Before You Drill

- ○ Measure exact mattress height to set the headboard properly.
- ○ Locate studs to anchor the headboard on long wall safely.
- ○ Verify your mattress length to buy correct Euro inserts.
- ○ Check bed frame to ensure locking casters fit for pull-out bed-making.
